BEAUTIFUL ASTER.

The Queen of Autumn Flowers.

For numberless varieties, ease of culture and grand display throughout autumn, the Aster has no rival. The varieties and variations of forms and colors are almost endless. Our mixtures contain 200 to 300 distinct and perfectly double sorts which have carried off First Premiums nearly everywhere exhibited. A fine effect can be produced by planting tall ones in the center, running down to dwarf at edge, such a bed would be a mass of bloom for months; it can be produced by planting such varieties as Bell's Perfected Paenony for center, Victoria for between, Bell's Bouquet for edge. Our American Flag bed is prettier.

AMERICAN FLAG ASTERS.

A bed of these is a sight of indescribable beauty. The plants are about 8 inches high, forming solid masses of bloom. No other plants can bring the Flag out so beautifully and distinctly. 3 packets, 1 RED, 1 WHITE 1 BLUE, enough for large flag. 3 pkts. 25c.
